

SAFA MARWA Travels & Services

Website Development, Deployment & Payment Terms

1. Scope of Work

- Responsive business website for **SAFA MARWA Travels & Services**, including the approved pages/sections, travel services, Hajj & Umrah package presentation, contact information and WhatsApp/contact actions.
- The agreed work includes preparation of the website and **one initial live deployment** to the agreed hosting platform.
- Content, package details, images and business information supplied by the client will be used as provided. The client is responsible for confirming their accuracy before final approval.

2. Payment & Handover

- Total website development fee: **PKR 10,000**.
- The website may be shown as a preview during development. **Final live handover, source files and final production access are provided after the agreed payment is cleared.**
- Any third-party cost such as a custom domain, paid hosting, premium service, business email or other external subscription is **not included** in the PKR 10,000 website development fee unless agreed otherwise.

3. Revisions & Future Changes

- Corrections required to match the **already approved scope** can be completed before final handover.
- After final approval and payment, the client may request future website changes or updates. The requested changes can be completed after the requirements, timeline and any applicable charges are discussed and agreed.
- Major redesigns, new pages, new features or requirements that were not part of the original approved website are not included in the original PKR 10,000 website development fee.

4. Live Website & Maintenance

- Initial deployment/live setup is included with the website development.
- If the client wants a specific custom domain such as **.com** or **.pk**, the client will need to **purchase the domain and provide the required domain access/details**. The website will then be connected and made live on that domain.
- The cost of purchasing or renewing a custom domain is the client's responsibility and is not included in the website development fee.
- Any ongoing maintenance, future technical support, repeated deployments, hosting renewals or website management can be discussed according to the client's future requirements.

5. Approval

Payment of the agreed amount or written confirmation to proceed with final handover will be treated as acceptance of these terms and of the approved website scope.

Client Name / Signature:	_____	Date:	_____
Developer / Service Provider:	Amshal Ejaz	Date:	08 September 2026
Phone:	03117986331		

This document records the agreed website project terms to keep payment, deployment, handover and future updates clear for both parties.
